

Meeting Room Internet Pricing

Groups may purchase as little or as much bandwidth as they would like no matter the size of the group. The IT Department has come up with 2 suggested bandwidth models based on group size and needs. It is important to remember that these are only suggestions and that the bandwidth ordered is completely customizable based on group needs.

Suggestion for **Basic Internet** needs (light web browsing, checking email):

<u>Group Size</u>	<u>Bandwidth</u>	
1 -25 users	10Mbps	\$1,000 per day
26-50	15Mbps	\$1,500 per day
51-75	20Mbps	\$2,000 per day
76-100	25Mbps	\$2,500 per day
101-125	30Mbps	\$3,000 per day
126-150	35Mbps	\$3,500 per day
151-175	40Mbps	\$4,000 per day
176-200	45Mbps	\$4,500 per day

Suggestion for **High Bandwidth** internet users (streaming music and video, video teleconference):

<u>Group Size</u>	<u>Bandwidth</u>	
1-5 users	10Mbps	\$1,000 per day
6-10	20Mbps	\$2,000 per day
11-20	30Mbps	\$3,000 per day
